

Nova JOTPA

Privacy policy (EN)

Data protection means the protection of personal data and individuals' privacy during the processing of personal data. Data protection covers all the operations at Vaasa University of Applied Sciences (VAMK) involving the processing of personal data. Whenever processing personal data, we comply with the EU's General Data Protection Regulation (GDPR), national legislation, and the regulations and guidelines of public officials.

This is a privacy notice about the processing of personal data in Nova JOTPA -project

1. Controller of the data

VAMK University of applied sciences, Design Centre MUOVA, Wolffintie 36 F 11, 65200 Vaasa, Finland.

2. Data subjects

The information of persons registered for the educational event and training program is recorded in the Nova JOTPA participant register.

3. Purpose and legal basis of the processing of personal data

The personal data will be collected for the implementation of the Nova JOTPA - project. Personal data is collected from the participant through Webropol electronic form. Personal data will be processed on the basis of the data subject's consent to fulfil the data controller's obligations for the purpose of handling registrations, service provision, marketing, reporting, and other communications purposes. Personal data will only be used for pre-defined purposes such as:

- Organising the Nova JOTPA -training program and events
- Announcements and communication related to Nova JOTPA -training program and events

- Coordination of Nova JOTPA -training materials, surveys and feedback
- Meeting the reporting obligations of Nova JOTPA -project as well as JOTPA obligations

4. Data to be stored in the register

Registration to Nova JOTPA -event contain the following contact information

- First name
- Last name
- E-mail address
- Language
- Background information collected when registering for the event

The following systems may be used to collect data for the events register: Webropol.

5. Rights of data subjects

Data subjects have the right to:

- Request from the controller and/or organiser access to their personal data and to check such data;
- Ask for the rectification of incorrect personal data. In such a case, the request must specify what information is incorrect, and why and how it should be changed. The controller must rectify the mistake without undue delay. The request must be submitted to the controller in writing.
- Restrict processing. If the data subject has indicated that his or her data are incorrect, they have the right to request that the processing be restricted until the accuracy of the data is verified;
- Withdraw consent. When the processing of personal data is based on consent, the data subject has the right to withdraw his or her consent at any time. After that the personal data will not be processed unless there is some other legal basis for doing so.
- Request erasure of personal data. The data subject has the right to have his or her personal data erased. This right does not apply to the personal data that Nova JOTPA needs in order to perform its responsibilities.

- Lodge a complaint to the supervisory authority if their personal data have not been processed appropriately. The Data Protection Ombudsman's contact details can be found at www.tieto-suoja.fi

7. Regular disclosure of data

The name and contact details of the attendees will not be disclosed outside Nova JOTPA -project without the consent of the data subject.

8. Storage of data

Data is protected by technical means. Personal data will be stored for as long as is necessary for participating in Nova JOTPA -training program and ensuring compliance with the financier regulations. After the Nova JOTPA -training program, the data controller reserves the right to include the number of the attendees in separate statistics.

The duration of the Nova JOTPA -project is until 28.02.2025. After the end of the project, the personal information will be retained and disposed of in accordance with the requirements of the EU financial agreement.

The data is properly protected and stored on secured network drives. Access to the information is restricted to authorized personnel only.
